School District: _____

If we are unable to contact you in the event of an emergency, who would be able to attend to your children? Please give detailed information on full names of adults, phone numbers and relationship to your child.

Please prepare a plan in case of an emergency dismissal from school. If your children are sent home early because of bad weather or a school-related emergency, what should they do if you are not home? Practice this procedure with your children. Please prepare a tag for your children's book bags for easy identification in case of an emergency.
